

Russia Expedition 2008

The Wolverton Explorer Scout and Guide Group visited Russia in 2008 with assistance from CANTA. The Group Leader wrote thanking CANTA and gave some details of their experiences.

My Explorer Scouts and my team have had a fantastic time. We have made so many young Russian Scouts very happy with our gifts of tents, cooking utensils, shelters, food and small camping items. This has only been possible by your generous donation.

Our camp site.

Pictures showing canopy and tents we gave away.

Cooking tea, and the pots / tents we gave away.

We have travelled 5800miles across two time zones, flown in five aeroplanes, spent 41 hours on a train, travelled by three boats, met 1000 Russian Scouts, experienced temperatures of 16 to 122 degrees, had police escort to the Jamboree site, travelled further east across Russia than ever before and seen fantastic natural and man-made sites.
